## To Our Friends in the Hardware Trade

FOR eighty-three years the tools made by BUCK BROTHERS have had the reputation among the Woodworkers of the United States as being the best tools manufactured. We thank our many friends for their continued patronage; and it is our determination now, as ever, to make tools that need no recommendation to sell them—their own well-known character being sufficient.

There is no secret to our success in producing a good article—we make it our rule to buy the best material to be found in the market—we employ the most skilled workmen, and give a constant personal supervision to the business, which we thoroughly understand.

For the past forty years our terms and prices have not materially changed—although the high grade of Steel has advanced and the cost of skilled labor increased.

Some persons may express surprise that our tools are somewhat higher in price than other manufacturers'—constant use has proved them to be the *cheapest to the man who earns his living by their use*, as they will hold a fine cutting edge longer than other tools.

We keep on hand in our Warehouse the largest assortment of Chisels, Gouges, etc., to be found and we make it our pleasure to oblige our many friends by filling their orders with promptness.

We trust that our many friends who may order our goods from jobbers or wholesale dealers will make sure that they get those stamped BUCK BROTHERS and boxes labeled with our trade mark—

Very truly yours,

BUCK BROTHERS.

If ground sharp, we charge 40 cts. extra per dozen, net cash.

## SPECIAL TOOLS for WOOD TURNING

### No. 18 WOOD TURNERS' PARTING TOOLS

Length  $8\frac{1}{2}$  to  $9\frac{1}{2}$  inches  
over all

Without handles,

$\frac{1}{2}$	$\frac{5}{8}$	$\frac{3}{4}$	inch
\$9 00	10 05	10 95	per doz.

Handled and sharpened,  
\$12 60 13 70 14 75 per doz.

### WOOD TURNERS' SIZING TOOLS

#### No. 25

Wood Turners' Sizing Tools,  
price per dozen, **\$26 15**

Handled and Sharpened  
price per dozen, **\$29 00**

We make only one size of  
this tool (opens to 4 inches).  
It is undoubtedly the very  
best to be found in the  
market. The blades are  
made of Best Cast Steel  
and tempered by skilled  
workmen.
